NEW RENAULT CLIO

seductive style

Sensual lines, dynamic profile, sculpted sides and assertive presence. From the first look, CLIO attracts you with its dynamic and desirable style. With its tidy finishes, it combines modernity and robustness: C-shaped brand light, full LED lighting, finely integrated chrome finishes and the elegantly concealed rear door handles.

a perfect smart cockpit

On the interior, every detail counts. CLIO has undergone a revolution and is offering quality materials and finishes. With its new high-tech, driver-orientated cockpit, its cocooning seats and the MULTI-SENSE customisable ambient lighting, enjoy a driving experience which will awake your senses. Settle in to the future at the wheel of CLIO, and stay ahead: large multimedia 9.3" touchscreen*, customisable driver screen and electronic parking brake.

*Intens option pack
Features and images may vary and be optional depending on model, and are subject to change without notice.

driving pleasure and comfort on board

The CLIO is equipped with a new 74kW Turbo engine that offers top-level performance whilst ensuring economical fuel consumption.

Thanks to its dynamic chassis, and its direct and precise steering, you are guaranteed a more intuitive driving experience.

The driver will not be the only one smiling on board: the suspension and soundproofing have been improved for everyone's comfort.

Finally, the audio system with its 6 speakers* offers a rich and immersive musical experience.

**9.3" Touchscreen - Intens option pack

7" Screen - Easy Link System (Life, Zen & Intens models)

9.3" Screen - Easy Link System (Intens model option pack)

9.3" Screen - Easy Link System (Intens model option pack)**

stay connected... in total freedom!

At the heart of the cockpit, the EASY LINK system offers the largest screen in its category, and is totally customisable. Perfectly integrated with the Renault EASY CONNECT universe, it all starts before you have even stepped inside. Thanks to the MY Renault smartphone application, geolocalise your car and be guided to it.

Once on board, the EASY LINK system, compatible with Apple CarPlay™ or Android Auto™, gives you access to all your multimedia content in the blink of an eye.

Apple CarPlay™ is a trademark of Apple Inc.
Android Auto™ is a trademark of Google Inc.
**9.3" Touchscreen - Intens option pack

Features and images may vary and be optional depending on model, and are subject to change without notice.

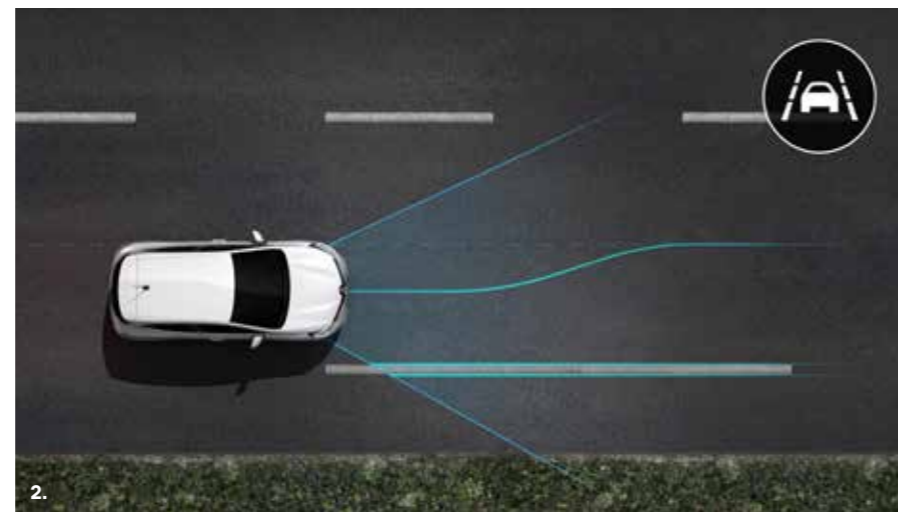

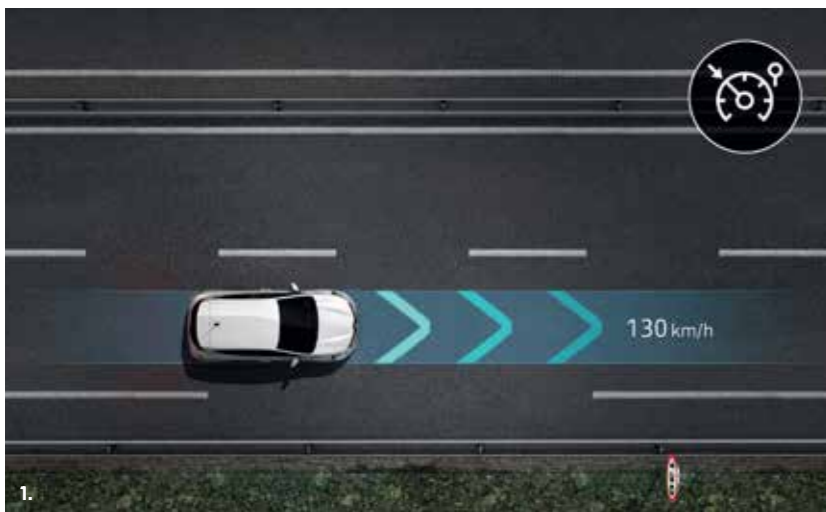

**Interior with Intens option pack

The onboard navigation delivers a huge amount of information in real time: traffic density, danger or service stations on your journey.

As simple and effective as Google Maps: the Google address search. All you need is two or three key words to reach your destination, you do not have to know the exact address.

Finally, with the wireless smartphone charger, you can easily stay connected in total freedom.

number 1 priority safety for all

Renault's responsible vision involves providing the most modern and effective passive and active safety systems, regardless of the equipment level of your vehicle. Enjoy 5-Star safety with CLIO.

1. Cruise control / speed limiter

Set your speed or your maximum speed. Steering wheel controls allow you to set parameters in a few instants.

2. Lane Departure Warning (LDW)

Stay in control with the assistance of the lane departure warning system.

3. Renault LED Pure Vision

CLIO is equipped with powerful Full LED Pure Vision* headlights and automatic main beam headlight activation for better visibility.

4. Parking Sensors

Rear parking sensors (with visual* and audio warnings).

5. Electronic Stability Control (ESC)

New generation ESC (Electronic Stability Control) and ASR (Anti-Slip Regulation) active traction control. Ensure the vehicle remains stable even in difficult road conditions.

6. Anti-lock Braking System (ABS)

ABS anti-lock braking system with electronic brake distribution (EBD) combined with emergency brake assist (EBA) to maintain trajectory control in the event of hard braking.

7. Seating & airbags

Reinforced structure, high-efficiency front airbags, head/chest side airbags, pressure sensor to detect impact, seat belts with pretensioners and load limiters (front seats), anti-whiplash headrests.

8. ISOFIX seat attachments

Three Isofix 3-point seat attachments (front + rear sides).

*Intens model

Features and images may vary and be optional depending on model, and are subject to change without notice.

quality

“From the design stage in our studios to manufacturing, to distribution via our dealer network, we are guided by the search for quality”.

Laurens van den Acker – Senior Vice President of Renault Corporate Design

Renault CLIO, a rich history of passion

Generation after generation, Renault has had masters working on the design and manufacture of ever more attractive and high-performance models, equipped with innovative and ingenious solutions, original and in the spirit of the times. CLIO is the most beautiful illustration of this.

With CLIO, the brand strongly and passionately reaffirms its expertise and innovative spirit, recognised by all automotive professionals throughout its history. CLIO is the best selling French car in history, voted European car of the year twice, approved by millions of drivers who have been renewing their confidence in us since 1990. Over 30 years, CLIO has become more and more successful!

CLIO, a controlled revolution

An emblematic model of the brand's know-how, CLIO has always been a pioneer: the first of the category to offer colour navigation (2001), the hands-free card and the Carminat TomTom system (2005) or the touchscreen (R-Link in 2012) with Google connection. CLIO is still faithful to this know-how today. It innovates by offering the latest technological advances in the area of connectivity and driving assistance from the higher categories:

- Renault EASY CONNECT: a new generation connected experience.
Take advantage of a complete range of innovative solutions developed with our partners TomTom and Google, in order to make your life easier.
- Renault EASY DRIVE: an easier and safer driving experience.
CLIO provides a level of driving assistance which is unparalleled in its category, to ensure your safety and offer a more relaxed driving experience.

CLIO, a design in service of quality

Renault CLIO is the fruit of the combined talent of the Renault engineers and designers. The designers of this new generation were keen to strengthen the vehicle's performance and reliability, and improve its resistance to the weather and miles travelled. Before it was sold, CLIO had already covered over 1.5 million kilometres in all weather conditions and on all types of roads. CLIO offers a modern and seductive exterior and interior style, with particular care taken with quality in every detail. On the exterior, gaps between bodywork parts have been largely reduced and are more homogeneous thanks to the use of laser jigs in the factory. Much attention has been paid to the quality of the materials used on the interior, with the extended use of flexible materials with increased durability on the dashboard, the doors or the seat fabrics. There has also been much progress with the screens built into CLIO. They are inspired by smartphones, with a high level contrast and luminosity for optimal reading in all conditions.

Renault Care

we strive to provide you with the highest level of after sales service so you can continue to enjoy you Renault ownership journey

5 Year / 150 000km Warranty peace-of-mind comes standard

The Renault Warranty comes standard with every new vehicle, covering the costs of repair of any unexpected electronic or mechanical malfunctions, for a period of up to 5 years or 150 000km, whichever comes first.

Refer to the warranty booklet

Service / Maintenance Plans standard or tailor-made options are available to suit your needs

A Service Plan is a cost-effective way to cover your Renault's scheduled service programme, giving you full peace of mind for the duration of the Service Plan.

Purchase or upgrade your existing Service Plan to a comprehensive Maintenance Plan that not only covers the cost of your Renault scheduled service programme, but also covers the replacement, maintenance or repair of specific wear-and-tear items*.

The key benefits of a Renault Service Plan or Comprehensive Maintenance Plan are:

- | | |
|---|--|
| 1. added value
Service and Maintenance Plans are costed at preferential rates as well as offering protection from inflationary increases for the duration of the plan. | 2. full peace of mind
Only genuine parts are used. |
| 3. Renault expertise
Renault qualified technical personnel will attend to your vehicle. | 4. protect your warranty
All workmanship and parts warranted by Renault. |
| 5. cost of wear & tear items covered (Maintenance Plan only)
Items covered: Clutch, exhaust, globes & fuses, shock absorbers, drive belts, battery, wiper blades, brakes. | |

*T's & C's Apply. Warranty does not cover wear and tear items such as shock absorbers, brake pads, clutch, cam belt, etc.

Parts availability

Renault ranks amongst South Africa's motor industry leaders in affordable parts pricing. We strive to ensure an excellent level of parts availability at our Renault Dealerships.

Book a service online

Because your convenience matters to us, you can now book your service online at a dealer of your choice in a few easy steps. You could be eligible to qualify for vouchers and other rewards, by booking your service through our online portal, to make your experience that much more rewarding.

Go to www.renaultcarcare.co.za

24 hour roadside assistance

Whatever the emergency, we'll always be there. Because your personal safety is of utmost importance to us, help is one phone call away. Simply dial **0861 114 352** for assistance or for a team to be dispatched to you.

Our 24 hour Roadside Assistance Plan covers all new Renault vehicles for a period of 5 years or 150 000km with an option for extension.
